

QUINN MEDAK

(503)-890-8840 | qmedak@lion.lmu.edu | linkedin.com/in/quinn-medak

EDUCATION

Loyola Marymount University College of Business Administration

May 2027

B.S. Information Systems and Business Analytics – 4.0 GPA

- Coursework: Database Management Systems (relational modeling, normalization, entity-relationship design), Programming for Business Applications, Developing Business Apps Using SQL, Data Structures

EXPERIENCE

Ernst & Young (EY) — Los Angeles, CA — Incoming Process and Controls Consulting Intern

Jun 2026 – Aug 2026

CBRE — Portland, OR

Jun 2025 – Aug 2025

Research Intern

- Produced a research report on Portland industrial market trends with quantitative analysis and data visualizations in Excel
- Queried CoStar to identify correlations between property type, price, vacancy, and location; aggregated in Excel pivot tables and translated findings into market insights for brokers
- Audited 300+ property tags in CBRE's internal research database to visualize tenant industry trends in the Portland market
- Conducted 30+ market rent surveys to support property appraisals; compiled 10+ lease comp and availability reports for brokers
- Delivered a final project presentation recommending tenant-to-property matches based on market trend analysis, communicated data insights to senior brokers and managing director

Crimson Consultant Group — Los Angeles, CA

Sep 2025 – Present

Project Manager

- Led teams of 5–6 Associate Consultants in providing strategic consulting for startup businesses

Associate Consultant

Jan 2025 – Sep 2025

- Conducted competitive analysis of 10+ direct competitors for a boutique consulting firm providing financial services to B2B SaaS companies, identifying key market trends and opportunities for growth
- Researched and identified 15+ potential venture capital firms to establish strategic partnerships for client growth
- Collaborated with a team to develop actionable insights and recommendations for enhancing client acquisition strategies

PROJECTS

CRE Analytics Pipeline — github.com/quinnmedak/operations-analyst-realestate

- Built an end-to-end data pipeline ingesting CRE market data from 4 sources (yfinance, FRED API, BLS API, Firecrawl) into Snowflake, transforming through a dbt star schema (5 fact tables, 2 dimensions), and deploying an interactive Streamlit dashboard with LA office/industrial vacancy, REIT pricing, and macro trend panels
- Authored SQL staging and mart models in dbt with documented metrics definitions and schema tests for data quality and governance; maintained full pipeline documentation including README, ERD, and pipeline diagram; orchestrated scheduled extraction via GitHub Actions with secrets-managed credentials
- Synthesized 27 JLL, CBRE, and Cushman & Wakefield market reports into a 10-page knowledge base covering the LA office/industrial divergence, macro drivers, and investment thesis — query via Claude Code with cited, cross-referenced sources

Loan Origination Analysis | BCOR 3730: Programming for Business Applications

- Analyzed 200,000 California home loan applications in Python to identify correlations between debt-to-income ratio, demographics, and loan acceptance rates, communicating findings and actionable recommendations to stakeholders

SKILLS AND CERTIFICATIONS

Languages, Libraries, and Business Tools: SQL, Python (pandas), R, Microsoft Office (Excel, PowerPoint, Word), CoStar

Data Engineering: ETL/ELT pipelines, API integration, web scraping (Firecrawl), secrets management, Git/GitHub Actions

Data Warehousing & Modeling: Snowflake, AWS RDS, dbt (staging/mart models, schema tests), dimensional modeling

Dashboards & Visualization: Streamlit (deployed), interactive dashboard development, data storytelling, Excel pivot tables

AI & Knowledge Management: Claude Code, LLM-assisted knowledge base synthesis, prompt engineering

Certifications: Microsoft Specialist Excel 2019, DataCamp (Intermediate Python, Pandas, Aggregation and Visualization), BMC, Oregon AYOP Realtor Pre-License Certification (150hr course and exam; real estate law and real estate finance coursework)

AWARDS AND COMPETITIONS

LMU International Business Consulting Case Competition — 1st Place Award Recipient

Dec 2025

- Devised an international expansion strategy for an HR tech firm, delivered go-to-market strategy as marketing lead

2025 B.E.S.T. Bootcamp (Business, Engineering, Science, and Technology) — 1st Place Award Recipient

Jan 2025
